

The background of the entire page is an abstract geometric pattern. It consists of a grid of squares. Some squares are solid wood-grain, while others are divided into two halves by a vertical line, with one half being dark blue and the other being grey. The pattern is repeated across the entire page.

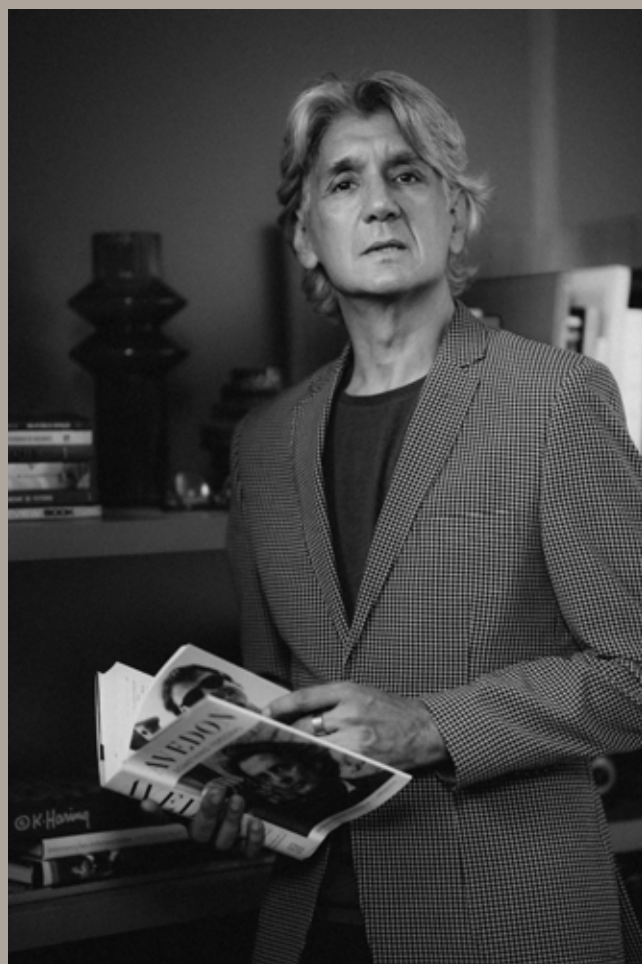

TANGRAM DOLMEN MENIR IVREA

Fabián Pellegrinet Conte

My goal, and why not my challenge, when creating the Dolmen, Menir, Ivrea, and Tangram collections was to combine them together, coexisting in a single living space, with a contemporary and eclectic character.

This was achieved thanks to their pure lines and organic geometry, their contributions of textures, colors, and noble materials, which create a universe identifiable by the versatility of its DNA.

O meu objetivo, e porque não o meu desafio, ao criar as coleções Dolmen, Menir, Ivrea e Tangram foi poder combiná-las entre si, coexistindo no mesmo espaço de vida, com um caráter contemporâneo e eclético.

Isto foi conseguido graças às suas linhas puras e geometria orgânica, aos seus contributos de texturas, cores e materiais nobres, que criam um universo identificável pela versatilidade do seu ADN.

ES
Mi objetivo y porque no mi desafio, al crear las colecciones Dolmen, Menir, Ivrea y Tangram era el de poder combinarse entre si, conviviendo en un mismo espacio de vida, de caracter contemporaneo y eclectico.

Esto se pudo lograr gracias a sus lineas puras y su geometria organica, a sus aportes de texturas, colores y materiales nobles, que hacen un universo identificable por la versatilidad de su ADN.

FR
Mon objectif, et pourquoi pas mon défi, lors de la création des collections Dolmen, Menir, Ivrea et Tangram était de pouvoir les combiner entre elles, coexistant dans le même espace de vie, avec un caractère contemporain et éclectique.

Cela a été réalisé grâce à ses lignes pures et sa géométrie organique, ses apports de textures, de couleurs et de matériaux nobles, qui créent un univers identifiable par la polyvalence de son ADN.

IT
Il mio obiettivo, e perché non la mia sfida, nel creare le collezioni Dolmen, Menir, Ivrea e Tangram è stato quello di riuscire a combinarle tra loro, facendole coesistere nello stesso spazio abitativo, con un carattere contemporaneo ed eclettico.

Ciò è stato possibile grazie alle sue linee pure e alla geometria organica, al contributo di texture, colori e materiali nobili, che creano un universo identificabile dalla versatilità del suo DNA.

DE
Mein Ziel und, warum nicht, meine Herausforderung bei der Gestaltung der Kollektionen Dolmen, Menir, Ivrea und Tangram bestand darin, sie miteinander kombinieren zu können, sodass sie im selben Wohnraum koexistieren und einen zeitgenössischen und eklektischen Charakter aufweisen.

Dies wurde dank seiner klaren Linien und organischen Geometrie sowie seiner Texturen, Farben und edlen Materialien erreicht, die ein Universum schaffen, das durch die Vielseitigkeit seiner DNA erkennbar ist.

IVREA

A city in northern Italy, in the Piedmont region, north of Turin, its capital.

Also known as the Olivetti City or the Perfect City, it is a UNESCO World Heritage Site.

A city-complex, it was created by Adriano Olivetti, son of founder Camilo Olivetti, between the 1930s and 1960s for the typewriter factory.

MENIR

A megalithic monument composed of a large stone, sometimes very tall, fixed vertically into the ground.

Name derived from the Breton French: Men (stone), Hir (high).

TANGRAM

It's an ancient Chinese game that involves forming figures using 7 pieces (5 triangles, 1 square, and 1 parallelogram).

The exact date of its origin is unknown, although there is a legend about its creation: a Chinese emperor broke a mirror and, while trying to put its pieces back together, realized he could construct many shapes with its parts.

During the game, all the pieces must be used, with none left over.

TANGRAM Dining Table

DOLMEN

Megalithic monuments built by humans, from 5000 BC to the end of 3000 BC in Europe and until 1000 BC in the Far East.

The name derives from Breton (French Brittany) Dol: table; Men: stone
